“Bonita, these things are provided for you. Maybe you should try to be grateful.”

“Mr. Freado, you don't know anything about being a black girl!”

Campbell Loughmiller

“When a (young person) breaks something, he should fix it—not because he’s being punished, but because that’s what people do when they are part of a community.”

This provides an opportunity for interaction with a caring adult in learning skills, building confidence and competence.

The teacher-counselor is a person with private resources for the nourishment and refreshment of his own life... Nicholas Hobbs

What are the private resources that nourish and refresh your life and help sustain you in this work?

Time to get up

What are the private resources that nourish and refresh your life and help sustain you in this work?

Find someone you haven't talked with this week and share with each other the answer(s) to the question. 3 minutes each.

Purpose

Is the why. It is the anchor.

Purpose

The Re-ED model. Becoming a teacher-counselor.

The kids touched my life in ways I couldn't have imagined.

Kids need people like us doing our best to help them through troubling and challenging times.

I want to be a person who do that.

Passion

Provides fuel for the journey.

Passion can be fiery.

Too much fire may not be a good thing.

Controlled Burn

Fire fighters start the fire then stay onsite to manage flame behavior and ensure it stays within the planned area.

A Thousand Fires Burning

This is a controlled burn.

We come together, like minded,
like hearted, like spirited colleagues
to share, refuel, and get ready to
return to the journey.

Power

Power

With our belief and understanding of Circle of Courage, power is not something adults hold over kids it's what we help kids find within themselves.

We demonstrate our power by:

- Remaining steady and grounded
- Teaching and modeling strength
- Creating space for voice, access, and ownership
